Brand New Beauty Equipment (in stock) US \$800

What is water mesotherapy?

Water mesotherapy is to inject hyaluronic acid into skin. Hyaluronic acid contains moisture, 200-300 times as rich as one's body. So that it makes the skin smooth, soft, bright and hydrated after the injection. In order to keep the skin hydrated, it's recommended that you choose varied skin care products.

Please contact Julie (SAMedlasers) to view machine on 0433 575 805
